Kippers Toy Box Learning Opportunities

Same and different

- Match all the toys that are the same (toys with ears, toys with tails, toys with no tails, toys with wings, toys with/without legs)

Sorting and matching

- Sort toys into big and little toy boxes

- 2D cut outs of main animals – match to real object
- Find the smallest and biggest toy in the toy box
- Order toys by size

Counting

- Count how many toys fit in Kipper's toy box

- How many little toys fit in a little toy box and how many big toys fit in a little toy box

- Weight of toy box with and without toys
- Count eyes and arms and legs on each toy
- Build a Kipper toy with head, arms and legs 'twoness of two' 'oneness of one'

Shape, space and measure

- Longest and shortest animals
- How many animals fit in the toy box

- Categorise all the 'long' 'small' 'tall' toys

Literacy

- Match initial letter sound of each animal (initial letter on blank ID cards)
- Match named word card to each animal
- Role play each animal
- Role play story
- Explore and enjoy experiencing the qualities and characteristics of each animal
- Talk about feelings and looking after each other. 'How Kipper looked after all the toys in the toy box'.
